

Cassette floors

Discover the versatile cassette floor from Tent Trading, the perfect choice for your events! This floor combines sturdiness with an elegant appearance. With its construction of lightweight aluminum girders and cozy pine planks or concrete plywood, the cassette floor offers not only comfort but also a warm, rustic atmosphere.

Ideal for weddings, corporate functions and festivals, the floor fits seamlessly into any setting. Because cassette flooring is lighter than heavy-duty flooring, it is easy to transport and install, even in hard-to-reach locations.

This floor type is **popular** for:

Fairs and conferences

Events

Showrooms
